

# Mohamad Naim, Front End Developer

Bandar Baru Bangi, Malaysia, 018-2084225, nakikami27@gmail.com

---

## PROFILE

As a recent graduate in software engineering, I am a highly motivated individual with a strong foundation in computer science principles and programming languages, as well as experience with software development methodologies such as Agile and Scrum. I am also a strong communicator and team player, with the ability to work well in both individual and group settings. I am eager to apply my skills and knowledge to contribute to the development and success of innovative software projects.

---

## PROFESIONAL EXPERIENCE

Freelance, Pusat Sains Citra

Promotional Video for Pusat Sains Citra, Universiti Kebangsaan Malaysia

Sep 2022 - Jan 2023

Front End Developer (Intern), Dwebly

Sierra 16

Dwebly is the #1 All-in-one Headless e-Commerce platform in South East Asia offering powerful API-first, headless eCommerce platform, nearly limitless customisations and endless freedom for growth that powers B2C, B2B and services marketplace to future-proof their business without sacrificing the scalability and customisation elements (Dwebly.com).

As a Front End Developer Intern, I do codes for the functionality and user interface of the client's website following the design that had given. I also do some of the design by following the UI/UX best practises. Throughout the internship, I have to fix bugs and provide solutions for client's website.

---
